## Low Blood Sugar Level Record

You can complete the highlighted fields on this form online and then print the form for easy reference. Only text that is visible on the form is printed; scrolled text will not print. Any text you enter into these fields will be cleared when you close the form; you cannot save it.

Use this form to record a low blood sugar level problem. Fill out a record each time this happens. Take the completed form(s) to the doctor. If you or your child is having low blood sugar problems, the diabetes medicine dose may need to be adjusted or the medicine may need to be changed.
